## Hello From Us!

As winter gives way to the fresh start of spring, it is a natural time to look ahead. The colder months may have called for extra patience and resilience, but they also reminded us how important it is to stay engaged and keep moving forward.

With the brighter days of spring here, we're pleased to introduce a new series of programs for the months ahead. Alongside returning favourites, this series features our new **Skill Building** category — a blend of well-loved programs and a few new additions we are excited to offer. These sessions are designed to help you practice useful skills, try out new interests, and keep learning at your own pace.

Be sure to browse the guide for full program details — it's the best place to learn what each program includes and decide which ones are right for you. We look forward to starting this new series with you.

### **Land Acknowledgement**

We acknowledge that what we call Alberta is the traditional and ancestral territory of many peoples, presently subject to Treaties 6, 7, and 8. We acknowledge the many First Nations, Métis and Inuit who have lived in and cared for these lands for generations. We are grateful for the traditional Knowledge Keepers and Elders who are still with us today and those who have gone before us. We make this acknowledgement as an act of reconciliation and gratitude to those whose territory we reside on or are visiting.

### **Privacy Disclaimer**

This program uses audio technologies for sessions rather than asking for participants to come into a building. We do our best to make sure that any information you give us during programs is private and secure, but no audio tools are ever completely secure.
